Congratulations to your completion of the programme and thanks for collaborating with your partners locally and abroad to offer the inspiring solutions. Certificates will be issued and sent to your schools in the following months. Winners will be contacted individually for the arrangement of prize in a later stage.

We genuinely hope that you have learnt about the importance of sustainable development during the preparation of the projects. Every individual's effort in protecting the environment will mean a lot to easing the consequences and harmful results the climate change and pollution have brought. We sincerely thank you again for the active engagement throughout the past few months.

Best Wishes,  
 Martin HO
